

FOMENT

AUSTRALIA'S VITI, WINE AND
TOURISM TECH REVOLUTION

VITI, WINE AND TOURISM TECH REVOLUTION.

SCALE UP OR TRANSFORM YOUR BUSINESS WITH DEEP INDUSTRY CONNECTIONS

Startups, scale ups and established businesses in ag tech, wine tech and tourism tech can benefit from FOMENT's programs. Expert facilitators, industry mentors and investors will help you refine your business model, grow with customer connections and become investment or project ready.

NEW FLEXIBLE PATHWAYS TO SUIT YOUR BUSINESS NEEDS:

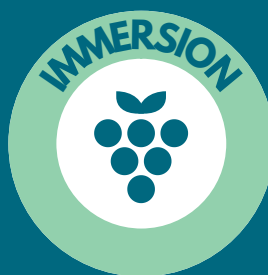

One-on-one mentoring and support from industry experts delivered over 6 months. Choose between:

- Investment-ready
- Customer Traction
- Immigrant Entrepreneur

High growth intensive training, ideal for scale ups and innovation projects from established business wanting to get traction in the Australian wine sector.

Our Annual Regional Immersion will connect you with leading producers in some of Australia's premier wine regions.

(included in the Accelerator and Incubator programs)

Mentoring, training, and industry connections to support teams who want to develop innovative products and services in the viti and wine tech space. Accredited higher education pathway.

FOMENT builds connections between the tech community and the wine industry. Being part of FOMENT means you are welcomed into a network of people passionate about staying on the leading edge of agtech and wine. We want new technology to be designed in partnership with the local industry and adopted rapidly.

WANT TO GET INVOLVED?

Join FOMENT in our mission to be the world's leading community of wine tech by becoming a participant, supporter or industry partner.
